

Blue Rose Astrology

Self-Directed Study

Thank you for considering downloading what the Blue Rose offers. There are three principle options for self-studying.

1. To work systematically through the material, starting at Year 1, Term 1, and continuing until Year 4 has been completed or until you feel sufficiently confident to remember on your own.
2. To download modules of our course to satisfy your own unique remembering skills. This option is applicable to anyone who has sufficient understanding of the fundamental building blocks and understands how the Blue Rose approaches those fundamentals.
3. Downloading individual classes

We can keep in touch with you regarding on-going webinars, lectures, special classes, as well as you will be granted access to the free Q&A's that we regular host and the student bi-monthly meet ups that will help you refine and hone your interpretation skills, as well as enable you to interact with fellow students.

Downloadable Special Interest Webinars to Purchase

Additionally, we have special webinars that we have previously hosted which are available to download at a modest cost (€20)
